

# T.E.A.M.

TELEVISION EVENT AND MEDIA MARKETING AG

**T.E.A.M.** is a leading international sports marketing company located in Lucerne. Our main project is the marketing of the UEFA Champions League. Creative marketing solutions and top quality service based on empowerment and teamwork are main characteristics of our company's philosophy.

## To Whom It May Concern

This letter is provided as a reference for DJ Putney Marco Studer from MuttENZ, Switzerland, who was contracted by T.E.A.M. as a DJ for the following matches in the UEFA Champions League season 2010/II:

28 September 2010, FC Basel 1893 vs. FC Bayern München  
3 November 2010, FC Basel 1893 vs. AS Roma  
23 November 2010, FC Basel 1893 vs. CFR 1907 Cluj

For these three matches Marco Studer entertained the guests and sponsors of UEFA as well as the guests of FC Basel at the Champions Club, a hospitality area for 1000 people. In addition, he helped with technical installations at the Champions Club and provided lighting which enhanced the decoration in the room giving it a stylish and welcoming feel.

Marco Studer's performance was very well received by the guests and the organisers. His wide range of music and ability to select the right music for the occasion all contributed to creating a fantastic atmosphere in the VIP area which was well visited.

In addition, we would like to mention his conscientious, accurate and reliable manner as well as his friendly and co-operative personality. He immediately fitted into our organisation and worked in a professional and pleasant manner in what can often be a stressful and demanding environment.

We would like to thank Marco Studer for his contribution to a successful UEFA Champions League season in Basel and wish him all the best for his future career.
